JAMES NICHOLAS PROFFITT, PRESIDENT OF THE ALUMNI ASSOCIATION

Dr. Proffitt was graduated from Maryville in 1938 and from Vanderbilt University Medical School in 1942. He served his internship, assistant residency, and residency at the Vanderbilt University Hospital. From 1943 to 1946 he was in the Army Medical Corps, serving in the European Theater. In the fall of 1949 he began practice in Maryville.

He is the son of H. H. Proffitt, Prep. '05, and Leila Graham Proffitt, '12. His wife is the former Ruth Goddard, daughter of Volta F. Goddard, '13. They have three children, Jimmy, eight, Beth, four, and Ann, three.

DEAR MARYVILLE COLLEGE ALUMNI:

The more than four thousand Maryville College alumni scattered over the world are the chief stockholders of this institution. Therefore, this letter is directed to you, the alumni.

Building on the Samuel Tyndale Wilson Chapel is progressing rapidly. By Homecoming Day, October 24, you will be able to make out the arrangement. This building will still require financial aid from the alumni to complete the amount to be spent in its erection.

Even Coach Honaker admits football prospects for this fall are "pretty good." The Highlanders certainly looked big and aggressive in their opening workouts. But win or lose they will exhibit a wholesome attitude and a competitive spirit that has typified Maryville teams.

The privately endowed college needs some system of alumni help if it is to survive. The high cost of living, and low interest rates, have worked together to squeeze the privately endowed school. State financed schools have flourished because higher incomes have made greater sums available for education. In particular, the salaries of teachers in the private schools have not risen. Many are working for less than they could get elsewhere. We appreciate their sacrifice, but that doesn't clothe them, feed them, nor will it replace them when they are gone. This writer feels that the greatest source of future financial help will have to be the alumni. Your suggestions and reactions will be appreciated.

Please send any news items to the alumni office.

The Alumni Executive Committee is planning to see you on Homecoming, October 24. A previous letter indicated that the Barbecue will be at 5:45 p.m. and the football game with Newberry will follow at 8:00 p.m. Tickets for both will be available at the Barbecue.

With best regards,

James N. Proffitt

President of Alumni Association

TO ALL ALUMNI OF MARYVILLE COLLEGE

The College's 135th year is now well under way. The days are filled with classes and activities in the way which you remember. Each morning we gather for chapel and hear announcements of special events ahead, unite in hymns, scripture reading, and prayer, and then go our ways to the appointments of the "A period." Campus life is one of the best combinations I know of the old and the new—in both program and people. It can be a rich experience for students, faculty, and staff, and we work and pray constantly that it may be so.

Our total enrollment is still under the number for which we are organized, as it has been for the past two years. The graduation of the large "veterans" classes and a temporary decrease in the number of freshmen entering (due to smaller high school classes, uncertainties of military service, and abundance of jobs) have brought a smaller total for a few years. High school enrollments are now due to increase sharply, which will soon be reflected in the colleges. The number of our entering freshmen advanced seventeen per cent this fall, indicating a swing upward. The total number in our four classes is smaller than we need from a financial standpoint, but is excellent for effective college work.

The Chapel construction is making steady progress, as pictures on another page show. By the time this is printed and read, the building will be advanced considerably beyond the point where it was when the pictures were taken. We expect to be holding chapel services there by the time of the February Meetings and to hold dedication exercises later in the year.

The Chapel Fund. It is a very useful and permanent structure which we are building. It is planned for the long future and has grown far beyond a chapel auditorium. The theater, the Little Chapel, the extensive facilities for choir, for instruction and practical work in the fields of speech and drama; the center court, the spacious lobbies, and the colonnade, all will combine to supply long-time needs of the College. It is clear that, measured by present day costs, we are getting a great deal for our money. But while the $400,000 thus far raised would have paid for the single large auditorium originally planned, it is not sufficient for the project as it has been expanded. To complete the whole building and equip it, we must raise another $200,000. We shall, therefore, be sending out new appeals soon. I hope that all alumni who have not thus far contributed to the Chapel will do so, and that many who have given will be able to add to their gifts.

Opportunity Giving. It is with sincere gratitude that I can announce to our alumni another generous benefaction to Maryville College. Upon recommendation of its Women's Committee, and with the approval of the Executive Committee of the National Council of Women's Organizations, the Board of Christian Education of the Presbyterian Church in the USA has made a new dormitory for women at Maryville College the Christian Education object of women's "Opportunity Giving" in 1954. Opportunity Giving to National and Foreign Missions and Christian Education is a special enterprise of Presbyterian women above their regular budgeted benevolences. Literature on the Maryville dormitory will soon be ready for the use of women's organizations throughout the Presbyterian Church. The College will be giving its full cooperation. The Synod and Synodical Society of Mid-South have voted to promote our dormitory fund. In the winter you will be receiving information on how to help, if you are a Presbyterian. Estimates of the Opportunity Gift which may be reasonably expected by Maryville College in 1954 are from $50,000 to $65,000. We now have in hand $82,000, and campaigns are being organized among women and churches to secure the additional funds needed to construct a modern dormitory. We are deeply grateful to the Presbyterian women who have chosen Maryville College as a special cause next year.

Cordially yours,

Ralph Waldo Lloyd

HOMECOMING — OCTOBER 24

Alumni in the United States will have received a letter from President Jim Proffitt concerning Homecoming on October 24, and it is hoped that many will have made plans to attend.

The day's program will start with the Founders Day Service in the Alumni Gymnasium at 9:45 A.M. In the afternoon there will be a parade downtown and a cross country meet with William Jennings Bryan University.

The barbecue will be held on the baseball field at 5:45 P.M. (50c per person). All alumni and their families and friends are welcome. Last year approximately 450 attended.

The Homecoming Queen, elected by the students, will be introduced at the barbecue, although the crowning ceremony will take place on the football field just before the game.

A registration and information table for alumni will be near the Gymnasium after the Founders Day Service and from two to five o'clock in the Student Center. It will be moved to the barbecue field about five o'clock. The special 75c general admission tickets to the game with Newberry College will be on sale at the registration table. They will not be on sale at the gate.

October in the Smokies, a football game, and meeting with old friends is a combination which each year brings many alumni to the campus. Your Alumni Association hopes that more and more of you will make Homecoming an annual event in your own calendar.

NEW BAND UNIFORMS

The Maryville College band has appeared in white pants and sweaters or shirts for all the six years since the Chapel fire destroyed its uniforms. Last year a movement was initiated to finance new uniforms. The net receipts of something over $1,000 from the post-season football game promoted by community boosters were for that purpose. The College appropriated another $1,000. The total cost will be about $4,000. An effort is being made to schedule a benefit game this fall.

It has been decided to go ahead in faith that the money will be found. The uniforms will be Scotch Highlander kilts. The plans call for bagpipes also. If the manufacturer can deliver them by the Homecoming football game on October 24, the band will be in uniform at that time.

THE 1953 COMMENCEMENT

The annual Commencement, May 15-20, provided the traditional climax to the College's 134th year. One hundred and twenty-one seniors were graduated on Commencement Day, ten finished at the end of the first semester, and six completed their work during the summer, making the Class of 1953 number 137. This is the last of the large classes which followed the war, and it is only slightly larger than the pre-war average. The Class of 1952 totaled 157; the Class of 1951, 168; and the Class of 1950, 177, the largest class ever graduated. The senior class this year and for the next two or three years will be small, reflecting the nation-wide smaller freshman classes of the last few years.

Three honorary degrees were conferred. The Doctor of Divinity degree was conferred upon the Rev. Dr. Frank H. Caldwell, President of Louisville Presbyterian Theological Seminary, who gave the Commencement address on "The Art of Imagineering." Dr. Caldwell is one of the most prominent leaders in the Presbyterian Church U. S. and in the movement for church union, and is an outstanding preacher as well. He led the February Meetings in 1945.

The Doctor of Divinity degree was conferred also upon the Rev. Robert O. Franklin, '03, now living in St. Augustine, Florida. Dr. Franklin served for many years in Thailand, first as President of Bangkok Christian College and later as Secretary of the American Bible Society of Southeast Asia.

The Doctor of Pedagogy degree was conferred upon Volta F. Goddard, '13, Superintendent of Schools of Alcoa since 1924, and an influential leader among the public school officials of Tennessee.

The Commencement Play, "Antigone" by Sophocles, was to be staged on the steps of Thaw Hall, but the weather refused to cooperate and on both Friday and Tuesday evenings it was necessary to give it in the Alumni Gymnasium. While perhaps not quite as effective as the outdoor setting of steps and white pillars would have made it, it was nevertheless a very successful presentation.

President Lloyd preached the Baccalaureate sermon on "Have You Been Made Free?" Rev. Dr. Donald A. Spencer, Pastor of the Second Presbyterian Church, Chattanooga, who is a Director of the College and who had a daughter in the graduating class, preached the Commencement Vespers sermon on "Christ, Our Friend."

More than 350 people attended the Alumni Dinner on Saturday evening. Five of the six living members of the Fifty Year Class were present, and a large number of the Twenty-Five Year Class. Reports of these classes and of the business meeting of the Alumni Association are given elsewhere in this issue.

THE CLASS OF 1903

Ten persons graduated fifty years ago in the spring of 1903. Of these ten, four have died. Five of the six living members were at the Alumni Dinner and four of the six attended the Graduation Exercises on May 20.

Mr. Thomas Guthrie Brown and Mrs. Brown came from Orlando, Florida, where they have been living since Mr. Brown's retirement a few years ago. He was Principal of the Boys' Technical High School of Milwaukee for many years before his retirement.

Rev. Dennis White Crawford and Mrs. Crawford came from Knoxville, where Mr. Crawford teaches in the public schools. He was graduated from McCormick Theological Seminary and was pastor of several churches before entering the field of teaching.

Mr. Hugh Rankin Crawford, who lives in Maryville and is a brother to Dennis Crawford, attended all the Commencement events. He has been a hardware merchant in Maryville for the past forty-three years, and is a Director of the College.

Rev. Robert Otterbein Franklin and Mrs. Franklin came from St. Augustine, Florida, where they have been living since they retired from missionary service in Thailand. On Commencement Day, the College conferred upon Mr. Franklin the Doctor of Divinity degree. Dr. Franklin continues to serve part time as a pastoral visitor and precentor at Memorial Presbyterian Church in St. Augustine. The Franklins had not only a college reunion but a family reunion as well as their son Wilbur, pastor of Calvary Presbyterian Church, Newburgh, New York, was here for his twenty-fifth reunion.

Rev. Dr. Robert Horace McCaslin came from Orlando, Florida, for Alumni Day but had to return before the Graduation Exercises on Wednesday. Mrs. McCaslin was not able to come with him. This summer he retired from the pastorate of the Park Lake Presbyterian Church in Orlando, to which he went twelve years ago from a pastorate in Memphis. He and Mrs. McCaslin will continue to live in Orlando.

Mabel Franklin (Mrs. J. M.) Dorton, who lives in Hillsboro, Tennessee, was not able to come to the reunion, and her Fifty-Year Certificate was mailed to her with the greetings of her classmates.

THE ARTISTS SERIES

Charles Laughton will give "An Evening with Charles Laughton" at the College on November 30. Tickets ($2.00) may be ordered from Mr. Harry H. Harter, chairman of the Artists Series Committee.

This will be the only attraction of the Series this year. The Committee decided to have one program by a distinguished and popular artist; and since for a number of years all the artists have been musicians, it was decided to have a dramatist. Mr. Laughton is considered one of the outstanding actors of the present day. The New York Times calls him "the greatest attraction traveling America today."

A TWENTY-FIVE YEAR REUNION?

ASK THE CLASS OF 1928!

We feel that our reunion this past spring was a success. Since so many were impressed with the way our class celebrated, we would like to pass on our methods to any who may have the task, and, I would add, the pleasure, of making plans for a class reunion.

It is of utmost importance to have a local reunion committee, the chairman of which should be appointed by the permanent class president. This committee then has the authority to call meetings of local members. This we did in the fall of last year, and we made plans for the reunion and for information letters to be sent to each member of the class.

The first letter was mailed January first and had three purposes: to remind members of the approaching reunion; to gather personal information, for which a questionnaire was included; and to enclose a mailing list of all class members. The responses were enthusiastic and from them was compiled the second letter, chuck full of personal information. This letter also asked for suggestions for the reunion program—what did alumni want most to do when they returned to Maryville? From the results of that letter was composed the third letter. It contained the proposed reunion program and other information.

The most outstanding events of the reunion were: the first evening at Dunns (Maynard, '28 and Kathleen Hunnicutt, '27) where we met to renew acquaintance and to discuss what we could do to help the College; the Class Luncheon Saturday noon, when Dr. Joseph J. Copeland of the Second Presbyterian Church of Knoxville, the junior member of the College's Board of Directors, addressed us most interestingly and purposefully; the gathering at the Crawfords (John, '27 and America Moore, '28) that afternoon, which included a beautiful memorial service for our five departed members, and a tea for members of the faculty-of-our-day; the Alumni Banquet, where we had the largest attendance of any group; the Sunday luncheon, which included the families of class members; the Sunday afternoon session at Crawfords, where Dr. Lloyd showed pictures which included some he made in India of our two missionary classmates, Dorothy Ferris and Elsie Gleason.

Every minute of time was filled, and all felt that it was a happy reunion.

To those who were not able to be with us: We assure you that you were greatly missed and much talked about. Let us all remember that we decided to have another reunion, our thirtieth, in 1958!

Alice Stinecipher Blackburn
Reunion Chairman

PRESIDENT LLOYD HONORED

The honorary degree of Doctor of Laws (LL.D.) was conferred upon President Lloyd by the University of Chattanooga on June 8. In the citation read, Dr. Lloyd was called "the dean of Tennessee college executives." No one else now serving as president of a Tennessee college or university was in office when Dr. Lloyd became president of Maryville College in 1930. President Lockmiller of the University, in his formal statement, referred to Dr. Lloyd as "son as well as leader of our fine sister institution, distinguished clergyman and scholar, and champion of Christian education at home and abroad."

Dr. Lloyd received the Doctor of Laws degree also from Centre College of Kentucky in 1911. Maryville College awarded him a Doctor of Divinity degree in 1929, while he was still a pastor in Pittsburgh, Pennsylvania.

MR. BLACK RETIRES

Mr. Louis A. Black, Director of Maintenance at Maryville College since December 1931, retired from active service on October 1, 1953. He passed the College's official retirement age of seventy some years ago, but at the request of the College has remained in charge of the important maintenance program until this time.

All Maryville people are glad that he plans to live at his present residence, 711 Hillside Avenue, just off the campus. His daughter Marion and her five-year-old son Buddy live there with him.

Mrs. Black (the former Susan Allen Green) retired as Professor of Biology in 1950, after forty-four years of service. She is at present in a nursing home in Alcoa but is cheerful and friendly as always when friends call to see her. She and Mr. Black were married on December 30, 1946. Mr. Black's period of service at the College is twenty-two years, just half that of Mrs. Black. Thus, the two of them have given a total of sixty-six years to the College.

Before coming to Maryville College in 1931, Mr. Black had a long and successful experience as an administrator and a religious leader, chiefly as a general secretary in the YMCA. During the four years just preceding 1931 he was Executive Secretary of the Estes Park Conference in Colorado.

TWENTY-FIVE YEARS

Miss Gertrude Elizabeth Meiselwitz came to Maryville College in the fall of 1929 and therefore this fall becomes a member of the Twenty-Five Year Club.

She is a native of Wisconsin and both her bachelor's and master's degrees are from the University of Wisconsin. She came to Maryville through the recommendation of her sister, Elvera Meiselwitz, who taught Home Economics at Maryville College from 1925 to 1930. (Elvera is now Mrs. R. J. Mullen, of Webster Groves, Missouri.)

Miss Gertrude Meiselwitz became head of the work in Home Economics upon the resignation of Miss Clara Jane Brown in 1935 and still holds that position. Her teaching field is foods and nutrition.

At the first meeting of the Faculty Club, on October 5, recognition was taken of Miss Meiselwitz' twenty-five years' service and she was presented with the traditional twenty-five roses.

FOOTBALL

The prospects for the football season look "pretty good," to quote Coach Honaker. The squad of forty-five is not as large as in some years and is composed chiefly of sophomores and freshmen, but it is a heavier squad than usual. There are eighteen lettermen back. Kenneth Shepard is captain and Jerry King is alternate captain. The schedule of games is given below.

On September 17 a banquet was given in Pearsons Dining Hall for the squad by the "boosters" in the community. The coaches and senior class members of all the high school teams in Blount County also were invited. About 275 persons were present. Earl Blazer, '30, was chairman; "Brute" Crow, '30, was toastmaster, and among the speakers were President Lloyd, Coach Honaker, and Dr. Proffitt, president of the Alumni Association.

1953 Schedule

September 19	—— Hiwassee College	Home
September 26	—— State College, Jacksonville, Ala.	Away
October 3	—— Centre College	Home
October 10	—— East Tennessee State College	Home
October 17	—— Emory and Henry College	Away
October 24	—— Newberry College (S. Car.)	Homecoming
November 7	—— Carson-Newman College	Home
November 14	—— Concord State College (W. Va.)	Away

After weeks of beautiful weather it rained the Saturday of the first game, and it was necessary to postpone it until Monday, September 21, for the sake of the field and the spectators. The postponement did not seem to disturb the team in any way as they won the game 55 to 6.

Miss Craven again directed at the Camden Hills Theater, in Maine; Dr. Buchanan was business manager of a boys' camp in North Carolina; Miss Sellick did concert singing at a summer resort in New York State; Mr. Fisher preached every Sunday during the summer; Coach Honaker and Mrs. Largen attended a workshop held by the State Department of Education to write a new manual of Physical Education for the State of Tennessee; Miss Crews, Florence Butman, '37, and another member of the local chapter of Delta Kappa Gamma, education fraternity, were invited to the regional meeting of the organization in New Orleans to give a musical skit at one of the evening meetings; Dr. and Mrs. Barker attended the Southern Hazen Conference, held August 19 to 25 at Warren Wilson College, as representatives of Maryville College.

And so the faculty spent varied and busy summers.

Mr. and Mrs. Kiger have gone to Beaumont, California, to make their home.

Mr. Ainsworth, formerly of the Social Sciences faculty, visited the campus at the opening of college. He is stationed at Ft. McNair, serving as an Intelligence Analyst in the Pentagon.

ALUMNI CLUBS

The Philadelphia Maryville College Club held a dinner meeting on Saturday evening, April 18, at the Covenant Presbyterian Church, where the next day the A Cappella Choir were to make the first of their 1953 Choir Trip appearances. The Club provided dinner for the Choir and the Choir provided the program for the meeting. Clyde W. Powell, '38, 1032 Eighth Avenue, Folsom, Pennsylvania, was elected chairman, succeeding George L. Hunt, '40.

The Ohio Valley Maryville College Club held a picnic on July 11 at the home of Mr. and Mrs. Herbert Hunt, '36 (Eleanor Johnson, '35) in Kenwood, a suburb of Cincinnati. Ray Swartzback, '47, was elected chairman, succeeding Ruth E. Meineke, '44, and Ruth E. Moore, '39, was elected secretary-treasurer. President Lloyd arranged his schedule so that he could stop in Cincinnati for the meeting en route to Chicago. The Club also met informally on Tuesday evening, April 28, when the Choir sang at the Mt. Auburn Presbyterian Church in Cincinnati, the last of the 1953 Choir Trip appearances. If you live in the Cincinnati area and are not on the mailing list of the Ohio Valley Club, send your name and address to the new secretary, Miss Ruth E. Moore, 430 Loveland Avenue, Loveland, Ohio.

The alumni in the Chicago area held a dinner meeting on April 30 at the Tower Club. Horace Dawson, '18, was elected chairman, to succeed Glen A. Lloyd, '18. President Lloyd was in Chicago for a meeting of the Presbyterian College Union and so was able to be present and to give a report on the College.

About fifty alumni and friends of the College attended the Maryville College Breakfast at the Presbyterian General Assembly in Minneapolis last May. The General Assembly is to meet in Detroit in May, 1954, and all alumni in the Detroit area as well as those attending the General Assembly are cordially invited. Time and place will be announced in the April Bulletin and on posters at General Assembly.

A RARE GIFT

In August Maryville College received a set of very excellent photographic reproductions of the murals of the Horyuji Temple, considered the highest example of Japan's fine arts, as a gift from the Japanese University Accreditation Association. In a letter to President Lloyd, Dr. Takashi Hashimoto, President of the Japanese University Accreditation Association, explained that the member institutions of the Association wished to express in some way their sense of gratitude to American universities and colleges for their sympathy and assistance to Japanese higher education since the close of the war.

The universities and colleges of Japan contributed 240 of these sets of photographs, and Maryville College was chosen as one of the 240 American colleges and universities to receive one.

The photographs will be exhibited in the Gallery of the Fine Arts Center in January. They cannot be displayed sooner because other exhibits have been booked for the entire first semester.

FRED HOPE FUND

The 1953-1954 subscriptions to the Fred Hope Fund will be taken at the Chapel service on October 2. For the second successive year the Fund will be sent to Dorothy Lee Ferris, M. D., '28, for use in connection with her work as head of the Frances Newton Hospital, Ferozepore, India. The special speaker on October 2 will be Miss Margaret Flory, Secretary for Student Work, Presbyterian Board of Foreign Missions, who during the present year on a trip around the world visited Dorothy Ferris in India. Last year the Fred Hope Fund gift to the work of Dr. Ferris was $1,000, and a special additional gift of $800 was sent to purchase a shadowless light for her operating room.

Biography of Fred Hope

The College has received seven hundred copies of a biography of Dr. Fred H. Hope, '06, famous Maryville College missionary to West Africa, who died in 1946. It is a book of 208 pages, written by a kinswoman, Mrs. Josephine Hope Westervelt, of Columbia, South Carolina. Much of the material is based on the news filled letters he wrote to his mother over a period of many years.

The biography is a readable, gripping account of the life and work of one of the most consecrated and practical missionaries of our generation. It tells the story of Fred Hope's student days at Maryville College, his call and going to the foreign mission field, of his building and managing the great Frank James Industrial School at Elat in the Cameroun, of his thrilling experiences in Africa, his joys and sorrows, and his heroic service for Christ and humanity.

Mrs. Westervelt is anxious that the book be a force not only for preserving the memory of Fred Hope, but for winning young people to Christ and to missionary service.

For $1.00 it will be sent postpaid by the Maryville College Book Store. All money received will be turned over to the Fred Hope Fund, which is subscribed by students and faculty each year and is named for Fred Hope. Address orders to the Maryville College Book Store, Maryville, Tennessee.

THE FEBRUARY MEETINGS

The Leader of the 1954 February Meetings will be the Rev. Dr. Joseph J. Copeland, Pastor of the Second Presbyterian Church, Knoxville. Dr. Copeland came to Knoxville in 1952 from the pastorate of the First Presbyterian Church, Denton, Texas. He is a graduate of Trinity University, Texas, and of McCormick Theological Seminary, Chicago. A year ago he was elected to the Board of Directors of Maryville College.

The Meetings will be held from February 10 to 18. Please note that this date is a week later than that given in the college catalog.

If the building program continues as planned, the 1954 February Meetings will be held in the Samuel Tyndale Wilson Chapel. This will be an auspicious way to inaugurate the Chapel and a wonderful "lift" to the Meetings.

WILLARD HOUSE

In March, 1951, President and Mrs. Lloyd moved from Willard House, where they had lived from the time they came to Maryville in 1930, to Morningside in the College Woods. The alumni magazine carried a story of that in April 1951. Since that time Willard House has been unoccupied, except for a considerable part of the Lloyds' furniture (Morningside was left furnished by Mrs. John Walker). It has been in the plans to use it in connection with the residence or academic program of the College.

During the past summer some remodeling and considerable repairing and painting have been done. The house has been reopened as a sort of women's campus center. (Just the right descriptive name has not yet been discovered.) Much of the Lloyd's furniture is being put into service again.

The house is occupied by Miss Frances Massey, Dean of Women, who has an apartment on the first floor and is in charge; Mrs. George H. Strick, Director of the Student Center; and two new members of the music faculty, Miss Anna McMillan and Miss Jane Johnson. The two front rooms upstairs are to be guest rooms and the parlors downstairs are available for conferences.

There is a plaque on the front porch which states that the house was built in 1890, as a home for the President, through a gift from Mrs. Sylvester Willard, of Auburn, New York, in memory of her husband. Until the present time it has always been known as "The President's Home." Whether it will some day be returned to such service is a matter for future decision. But at present it promises to render a useful service as a women's campus center.

SUMMER ON THE CAMPUS

Although there were no students here during the summer and the campus seemed quiet, it really was a very busy place. From June 14 to 20, the inter-racial Summer Leadership Training School of the South, jointly conducted by the Presbyterian Boards of Christian Education and National Missions, was held at the College for the third year. Approximately two hundred people from fifteen states attended. The next week the Synod, Synodical Society, and Westminster Fellowship of Mid-South met on the campus as usual, and for the first time the Synod of Tennessee of the Presbyterian Church in the U. S. met with them. The two Synods held separate business meetings but joined in the conference classes and popular meetings, and, of course, shared the fellowship of dormitory life. About four hundred people attended, with many more coming to the open evening meetings at which distinguished church leaders spoke. Immediately following this, the Laymen's Council of Mid-South held a week-end meeting. A Young People's Conference from June 29 to July 4, directed by James R. Smith, '35, ended the summer conferences.

Just as soon as they were over, the maintenance crew moved in and started the round of repairs, painting, papering, etc., which are necessary each year.

And as the Smoky Mountains become more and more popular with vacationists, more and more visitors stop to see the College. Alumni might suggest to their friends planning a trip to the Smokies that it would be a wonderful opportunity to see a good College.

Thus to the staff who are here during the summer the quiet is only comparative.

COMPETITIONS IN MUSIC AND ART

For the third year, the Fine Arts Division, on March 28, conducted competitions in piano, voice, and art. Throughout a whole day high school seniors from East Tennessee and beyond performed in the Music Hall of the Fine Arts Center. The judges decided in favor of the following three competitors and the scholarship awards indicated have been made available to them:

Art ($100): Mr. Bobby Hassler, Birmingham, Alabama

Piano ($200): Miss Mary Louise Ogden, Knoxville, Tenn.

Voice ($200): Miss Gayle Wolfe, Knoxville, Tenn.

The awards listed above are provided by friends of the College. The winners may attend any approved institution. If they enroll at Maryville, the College adds $100 to each. Reports at the end of September shows that Mary Louise Ogden, winner of the piano competition, is enrolled at Maryville College, and Gayle Wolfe, winner of the voice competition, is at the University of Tennessee. Bobby Hassler, winner in art, has not yet reported.

These competitions will be held again in the spring of 1954. The exact dates have not been set. The competitors in art can mail their material in and therefore do not have to come to Maryville; the competitors in music must appear at the College on the day set. It is a good experience and a good opportunity, and alumni who know of high school seniors who have ability in these fields, are asked to suggest to them that they write Miss Katharine C. Davies, Chairman of the Division of Fine Arts, Maryville College, for information.

It will be of interest to alumni to know that the total number of applicants for work in music and art is overflowing the time of our teachers. The applicants are both college students and pupils from the community.

A LETTER FROM JAPAN

President Lloyd recently received a letter from Mr. Tamisaburo Sugimoto, who spent about eight weeks in the fall of 1951 at Maryville College and will be remembered by all students enrolled that semester. He is General Secretary of the Meiji Gakuin College, a Christian college and high school of 3,500 students in Tokyo. He writes: "Though it is more than one year since I came home, I can clearly remember the happy days in Maryville . . . At times, I talk with Mr. Watanabe about you and Maryville College. Bob Barker ('46) has been in Kyoto (ancient capital, about eight hours by express from Tokyo), but he is coming back shortly to teach in our college. Then I shall have two friends here with whom I can talk of Maryville. . . . I am enclosing pictures of our kids. These were taken with my camera which I bought at a store in Maryville."
